

ECOTECHX	
Model	STW-A10
Company	EcoTechX Limited
Address	Ellison Building, Newcastle Upon Tyne, NE18ST, UK
Contact Details	info@ecotechx.com , www.ecotechx.com
Corresponding Person	Dr. Muhammad Ahmad, Chief Technology Officer

STW 10L Performance Parameters		
Design Cooling Capacity	L/day	1
Product Model		STW-A10
Temperature	°C	30
Relative Humidity	%	40
Water production	l/day	10

STW-A10 Technical Data		
System Dimensions H x W x D	mm	600 x 550 x 550
Operating Weight (nom) Machine	kg	35
Construction Material / Colour		Frame: Aluminium (Mate Grey) Casing: acrylic sheet (white) Fan Frame: Steel
Heat exchanger		
Coil 1	cm	15 x15
Coil 2	cm	15x 15
Water tank		
Dimensions (H x W x D)	mm	220L x 195W x 225H
Capacity	L	10
water treatment		Combi filter, UV disinfection, Verified drinking water by WHO
Water Pump	12V	Pump water to tap
Control Panel		
On/Off Switches		Water collection
Emergency Switch		Safety Switch

Overall System Input Data		STW-A10
Parameter	Unit	Value
Voltage	V	220v
Phase		Single
Frequency	Hz	50
Current	A	2
Power	W	360
Noise Level	db	58
